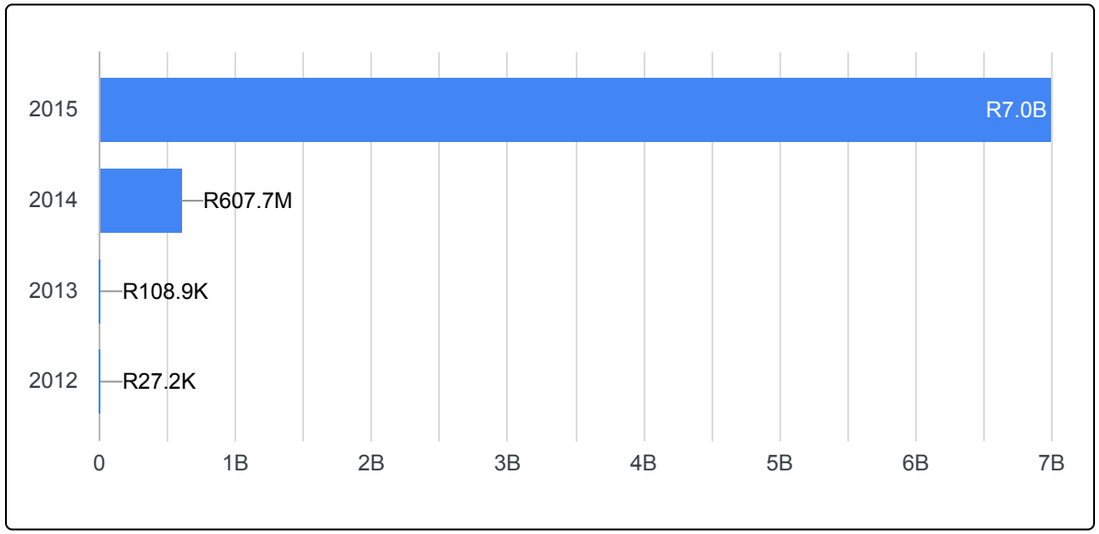
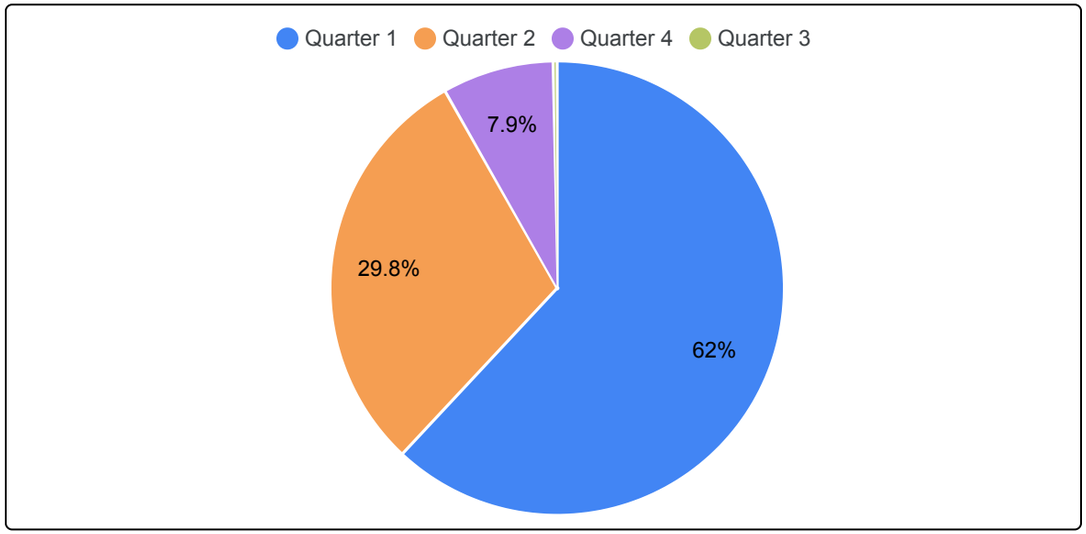
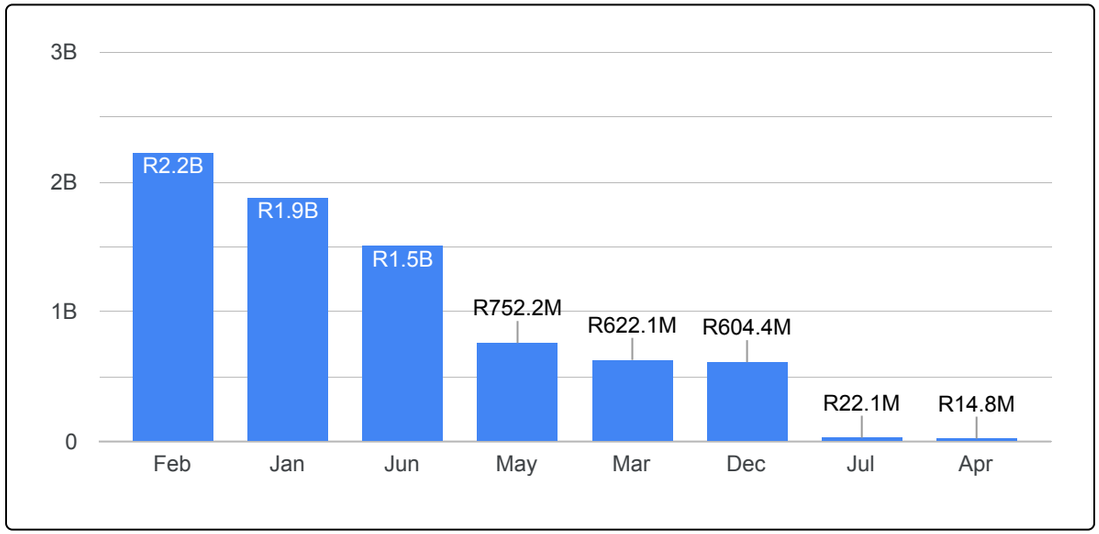
Total Revenue by Sale Year



Distribution of Total Revenue by Sale Quarter



Total Revenue by Sale Month



Insight:

- Majority of the total revenue was generated in year 2015 (R7.0B), compared with the previous years 2014 (R607.7M), 2013 (R108.9K) and 2012 (R27.2K), this shows rapid growth in sales over the years.

- The highest total revenue was generated in Quarter 1 (62%), followed by Quarter 2 (29.8%), this shows a preference to buy cars at the beginning of the year.

- A low total revenue was generated towards end of the year in Quarter 3 (R0.3%) and Quarter 4 (7.9%).

- February has the first highest total revenue (R2.2B), followed by January (R1.9B); these months fall into Quarter 1.

- June has the second highest total revenue (R1.5B), followed by May (R752.2M); these months fall into Quarter 2.
