Total Revenue by Sale Year

Total Revenue by Sale Month

Distribution of Total Revenue by Sale Quarter

Insight:

- Majority of the total revenue was generated in year 2015 (R7.0B), compared with the previous years 2014 (R607.7M), 2013 (R108.9K) and 2012 (R27.2K), this shows rapid growth in sales over the years.
- The highest total revenue was generated in Quarter 1 (62%), followed by Quarter 2 (29.8%), this shows a preference to buy cars at the beginning of the year.
- A low total revenue was generated towards end of the year in Quarter 3 (R0.3%) and Quarter 4 (7.9%).
- February has the first highest total revenue (R2.2B), followed by January (R1.9B) in second place; these months fall into Quarter 1.
- June has the third highest total revenue (R1.5B), followed by May (R752.2M) in fourth place; these months fall into Quarter 2.
